Dedication to Mom and Dad

We would like at this time to dedicate the 1969 LARS to our parents, the most important people in our lives. We want to thank them for all the efforts put forth to make our dreams come true. We also want them to know that by their sides "We Stand Proud."

To Our Parents
We just don't seem able to say,
We can't find the words that we want to,
All the things that we're longing to tell you,
Dear Parents of ours on this day.
We think of the things that you gave us,
We think of the love you have shown;

Ve think of the heartaches you've had,
Ve think of the troubles you've known;
nd then we can see just how useless
re words to express what we feel
or amidst all the fraud and the shambles,
our love is the one thing that's real.
nd we know, though the world be against us,

That still by our sides you will stay
And with your dear hands you will guide us
On down life's troublesome way.
Words are so little and futile,
We can't find the ones to express,
Our love for the world's sweetest Parents,
So We're hoping, perhaps, you will guess.

Adapted from the poem "To My Mother"
by Eleanore Livingston Jester.

Students Stand Proud

Students talk of many interesting subjects during their lunch period. They have this time to relax and get rested up for the last half of the day. They also use this time to catch up on the latest news.

Students pass through the halls between classes with good conduct. They show that they are proud to be part of Rossville High School. They are ready to begin the next class.

Student-teacher relation is important to have cooperation between starting the job and finishing it.

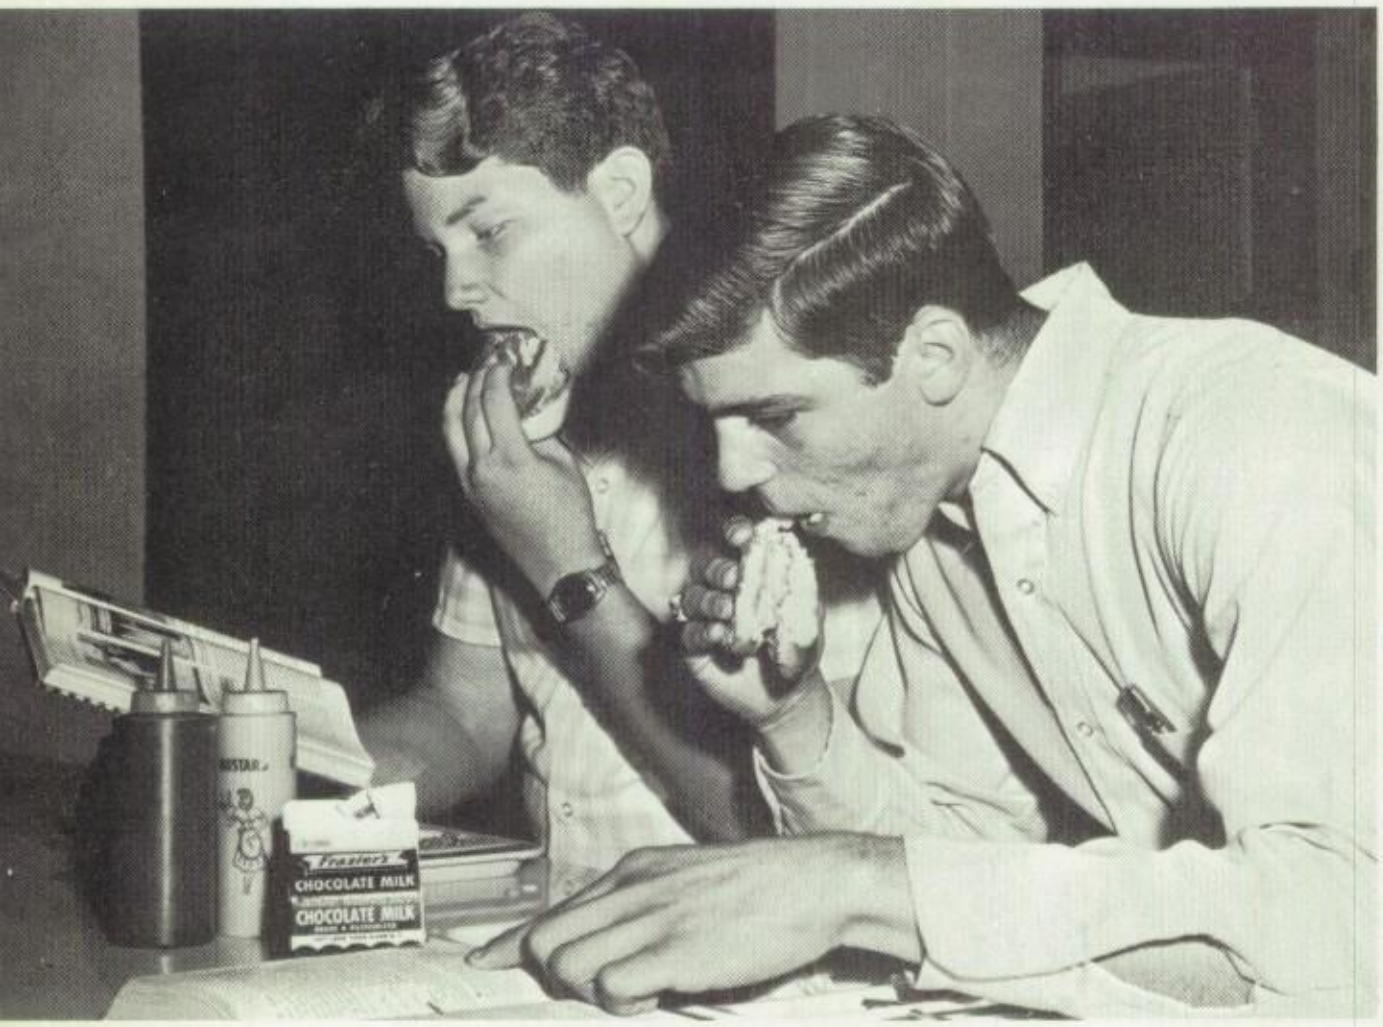
Socially

Part of the social growth of the student body comes through group interaction while passing through our hallways.

Students use the library for many resources. They can get the most good out of it when they know how to use it. If problems arise, there are librarians there to help them find what they are looking for. The library is a good service to use to gain more knowledge and become scholastically inclined. Students, use the library.

Student relationship is of great importance in the life of students around school. They stand proud socially by conveying thoughts to individuals as well as to a group.

In Our Scholastic Achievements

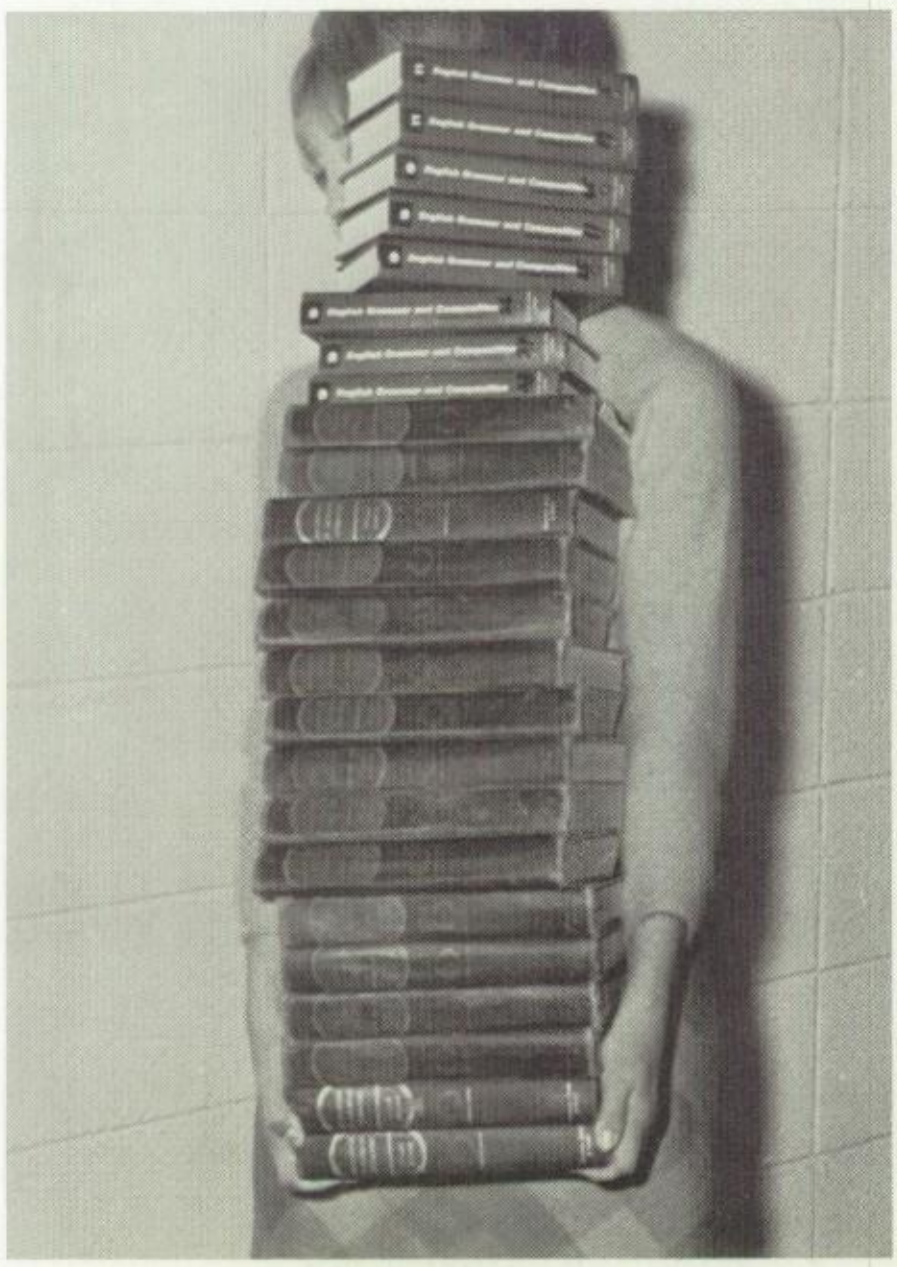


Vernon and Ralph try to get as much knowledge as possible. Even while they eat?

From the time we enter kindergarten until that time that we depart from the school setting we are constantly being reminded of the meaning of scholastic achievement. After all, this is the basis of our existence in the school environment. We strive to improve ourselves so that when we go out into the world outside our "hive" of activity we must be competent scholastically to compete with others striving for the positions available.

In these pictures we note that we start scholastic achievement at the elementary level. One way of doing this is by reading any and all materials available. We also note that you cannot study constantly but that you must rest your capacities and relieve yourself of pressures so that you can continue. By the time you get to be a senior you must take home lots of homework and also study in all available time.

If we are to reach our goal in society we must Stand Proud of ourselves Scholastically!



Is this a stack of knowledge for Velvet?

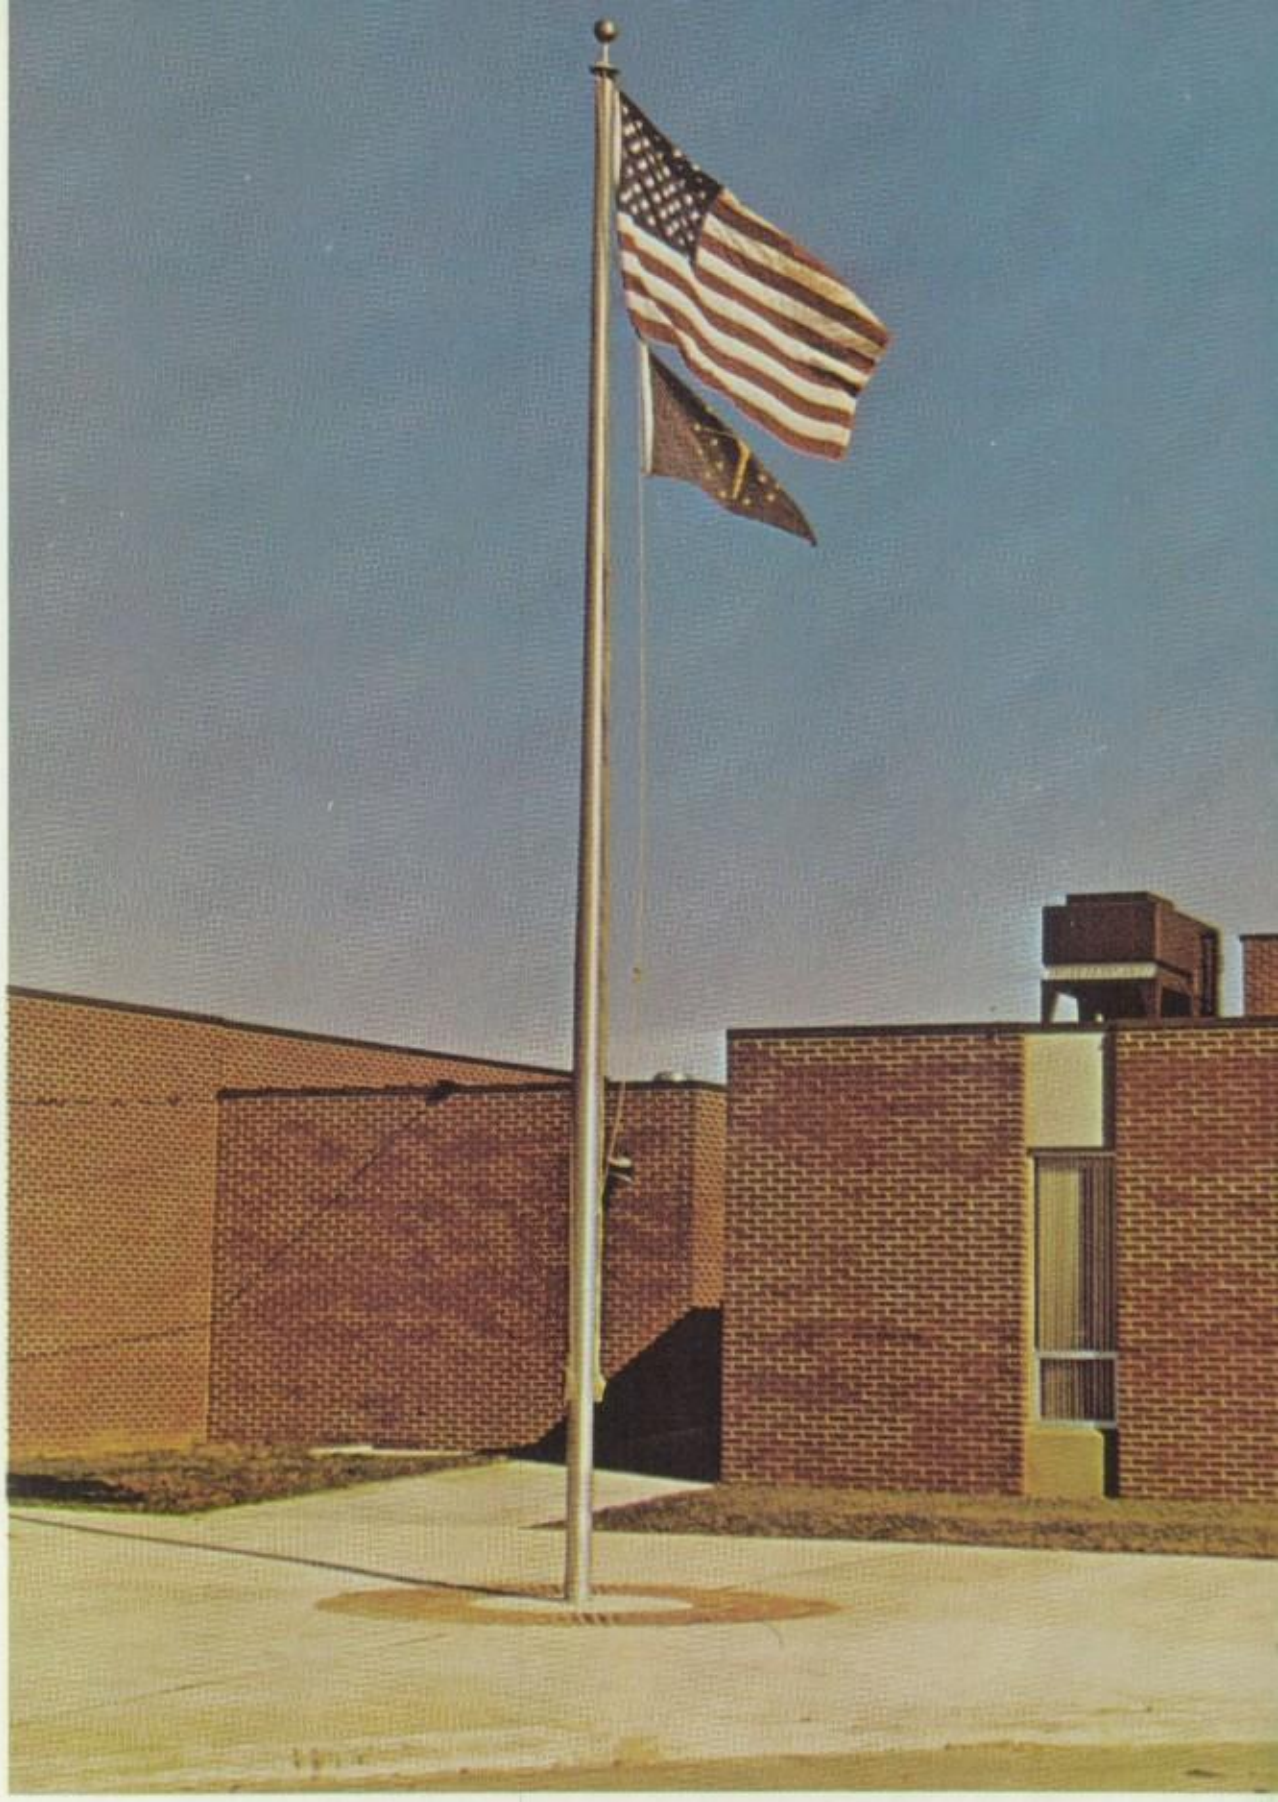
We Stand Proud

This is not the way most students spend their pastime at Rossville.

Even the younger students like the idea of using the library.

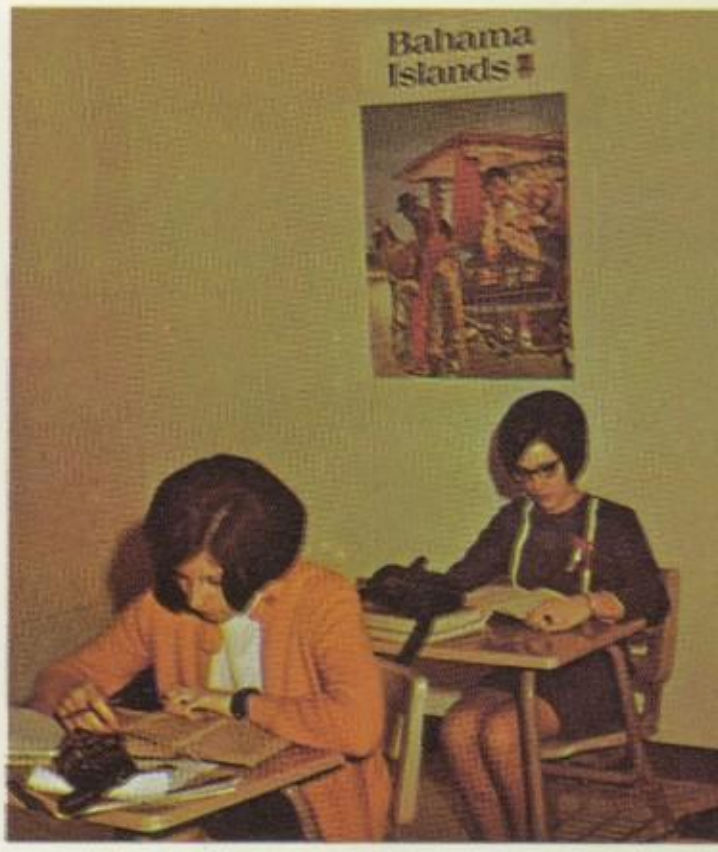
We Stand Proud of Our COLORFUL Surroundings

Students not only "stand proud" socially and spiritually but also physically. We take pride in our library, halls, and in our work. But most of all, students take pride in the symbol which stands for the ability to have pride, "Our Flag".
The stars and stripes with the colors of red, white, and blue make up our flag. Be proud to stand for the meaning of red, white, and blue, "Our Colors."



Below: Good study habits help students achieve their goal for which they can "stand proud."
Bottom right: Homemakers of tomorrow investigate new equipment.

Below: Studying hard helps students to reach their goal. Left: Artistic abilities are put to work. Middle left: Students pass on stairs with caution. Bottom left: Our lockers help to add color to our halls. Bottom right: Our library serves students well to help them achieve their scholastic capabilities.



Display of Talents Through

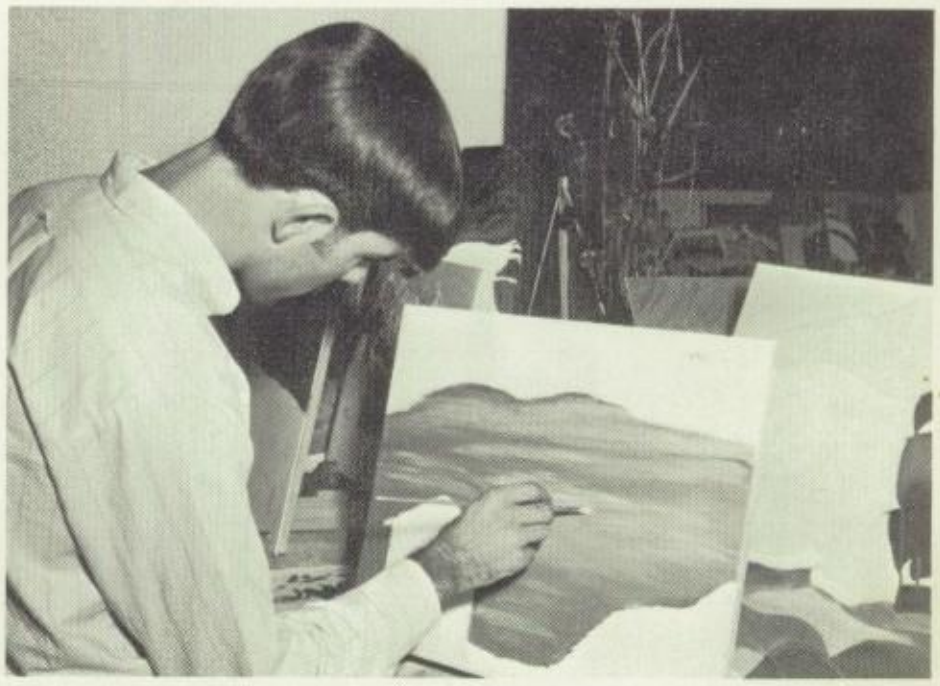
Grade school students use their talents in creating many interesting objects in art class. Mrs. Dunk helps so much in teaching the techniques that students use.

High School students display their talents as they practice for their future programs.

Through music, students are taught the correct way to read music. They learn how much fun it is to sing all kinds of different songs. Through singing they can express some of the feeling Mr. Canine would like them to put in a song.

Music and Art

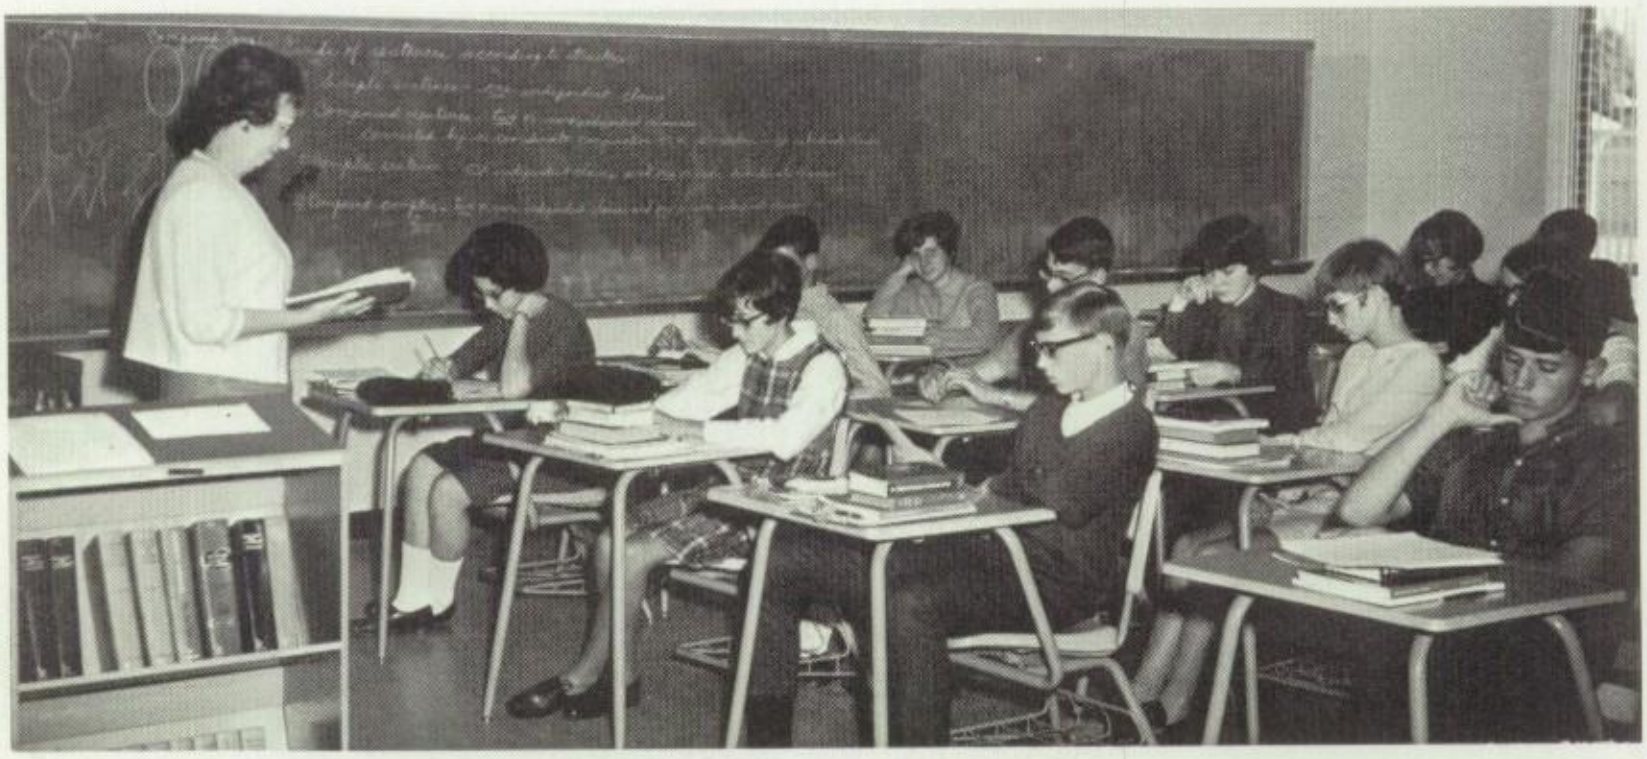
This is "Flower Power"!



High school students create many interesting objects as they develop their ideas. By using their hands they come up with very good works of art for which they can "stand proud."

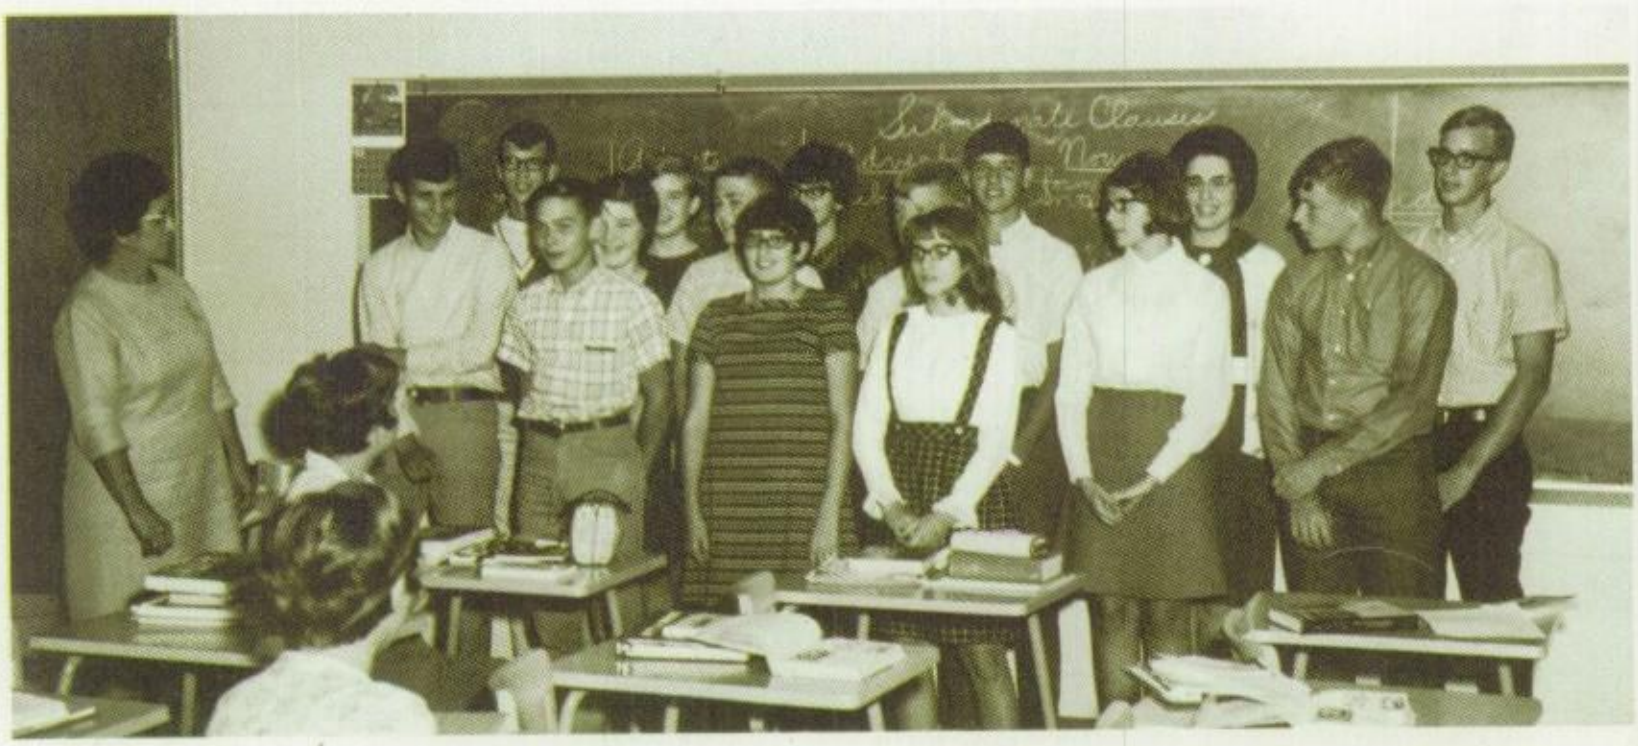
Art class works together to create good projects. Is this a group project?

Languages Are Our Basis



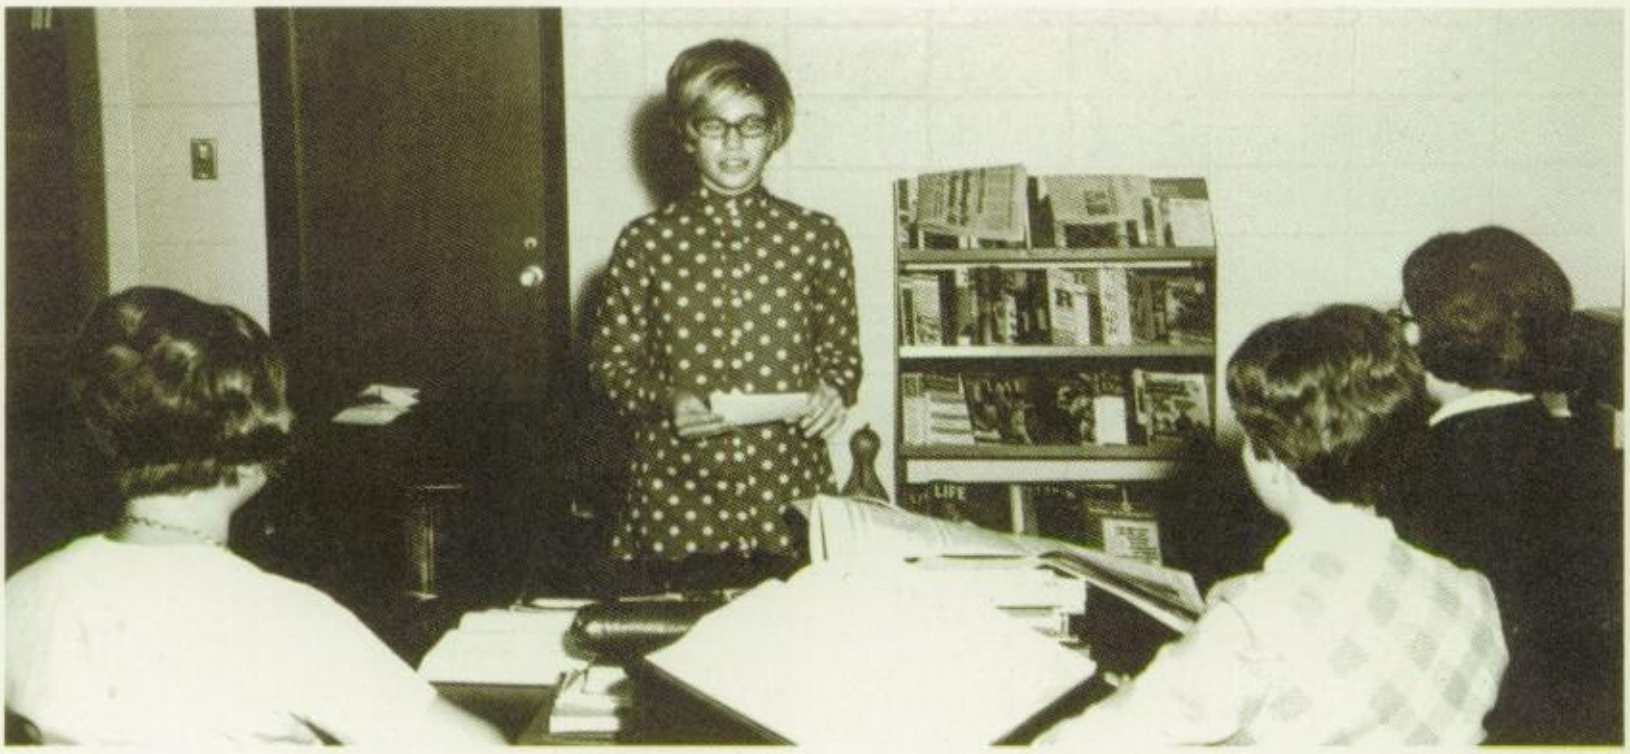
Mrs. Thomas's English class is beginning to realize that in order to live in this modern world you must know and understand the rules and meanings of our language.

It looks like the Latin class is practicing their new discovered language. Do you know what you are saying?



English and Latin are two languages that go hand in hand. The students who are or who have taken Latin say that it helps them to understand the meanings of English words due to the fact that so many of our English word are derived from the language of Latin.

for Existence



The Speech class is learning how to be brave in front of other people. Fright is the feeling the student learns to conquer.

Students in the Spanish classes have learned quite a lot of new things compared with the American ways of life. Even the spelling of our words are different.

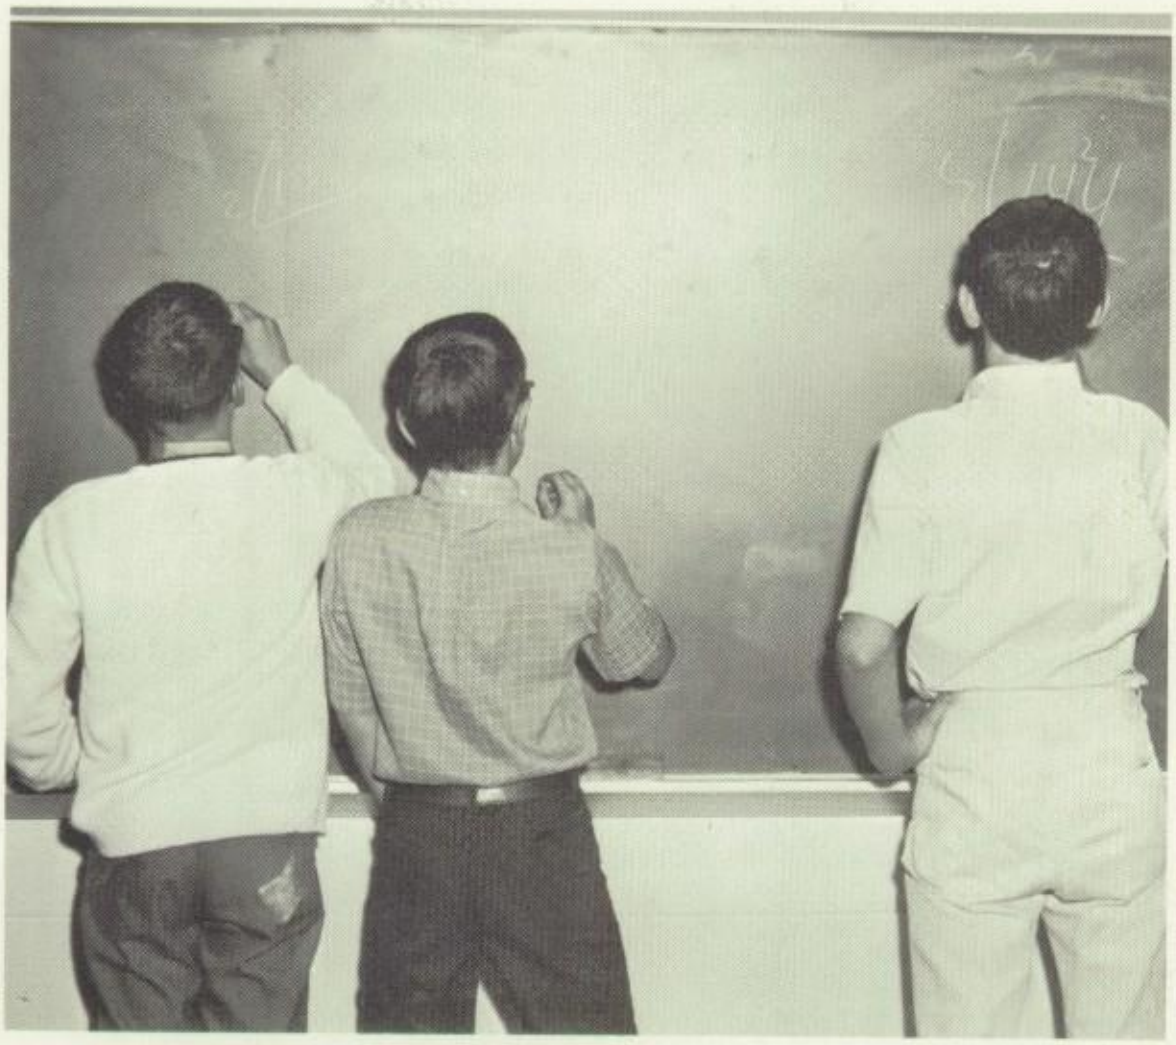
Our World of Science

What are you looking for?

Science and math go hand in hand. We learn about science and calculate through math. Math and science play an important part in our universe. Even though we represent a small portion of the universe we will "stand proud" for what we have learned in the fields of science and math.

Watch it, Sheldon!
There might be a short.

and Mathematics



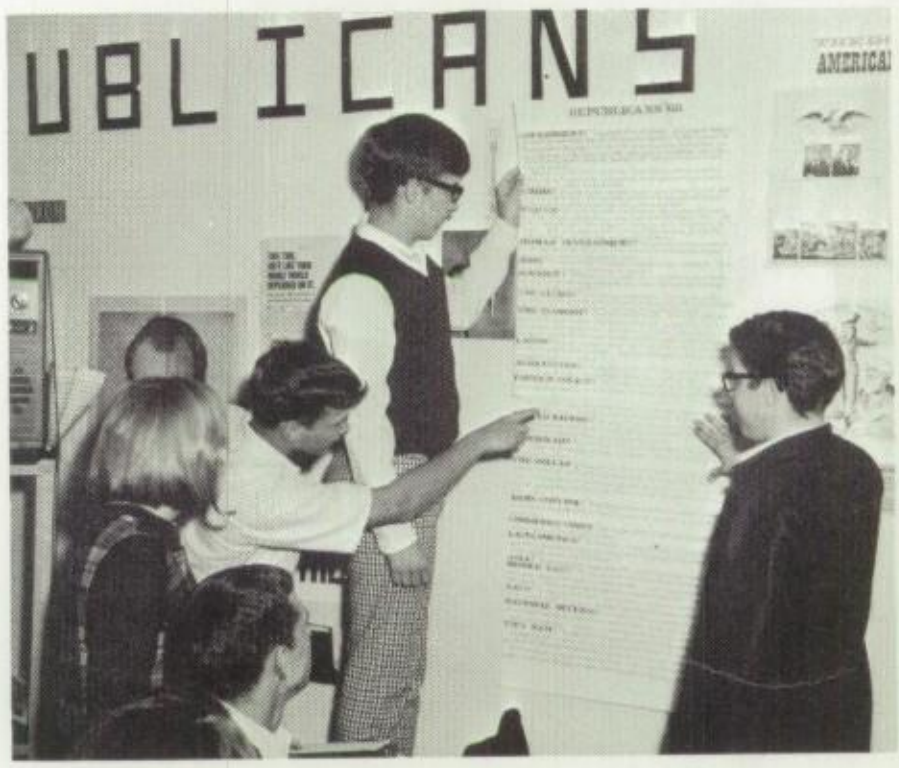
Don't you understand the problem, boys?

Class, do you know what makes the spark appear?

Math, the "language of science", consists of addition, subtraction, division, multiplication, formulas, and theorems. If you know how all of this works you are on your way to success.

History in

Indiana history helps students learn about their state. They learn about the customs of the settlers. They also learn about the government of the state and the problems that Hoosiers face.



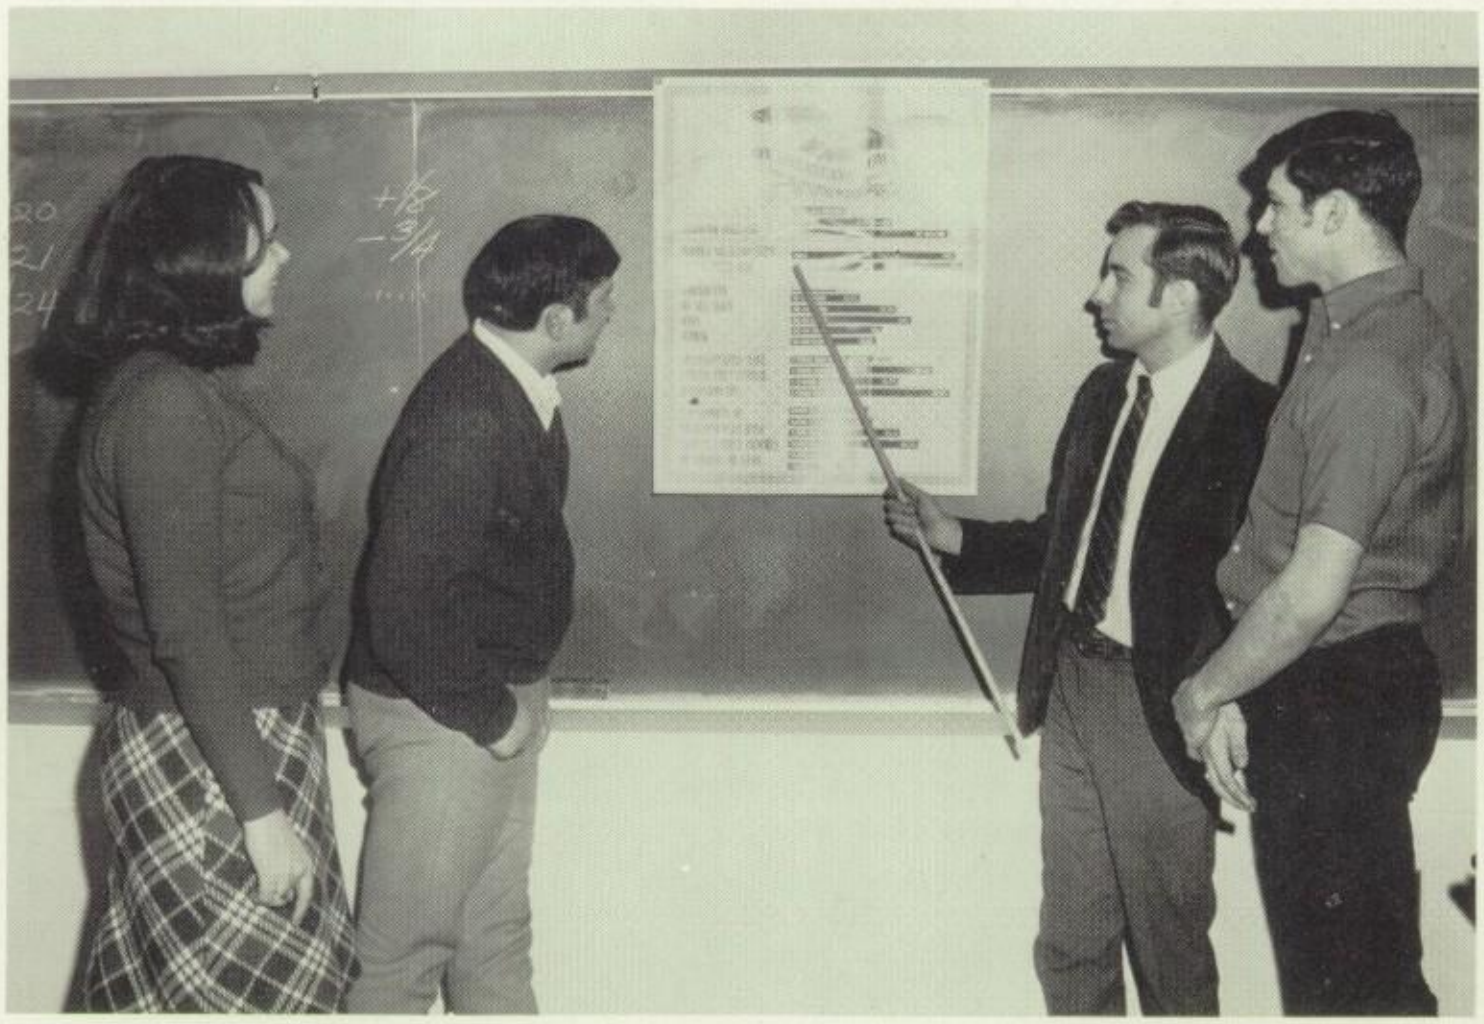
The government classes studied the election of 1968. By watching and listening to the news they became better informed about what was happening. They learned of the governmental procedure that takes place. They also learned how the government of our country works. In doing this they "stand proud" to be part of it.

World history students learn about the history of the countries around the world. They become familiar with them and come up to date on the situations of these countries.

the Making

U.S. history students learn about the history of our nation. In general they find out how the U.S. became what it is and how its government works. Theylearn much about the past history. They can "stand proud" to be part of the history in the making now.

Economics class provides an opportunity for the seniors to become better acquainted with the problems they face or will face soon.



These Courses Help

Seat belts fastened? Ready to start the count down, 3,2,1, blast off!!

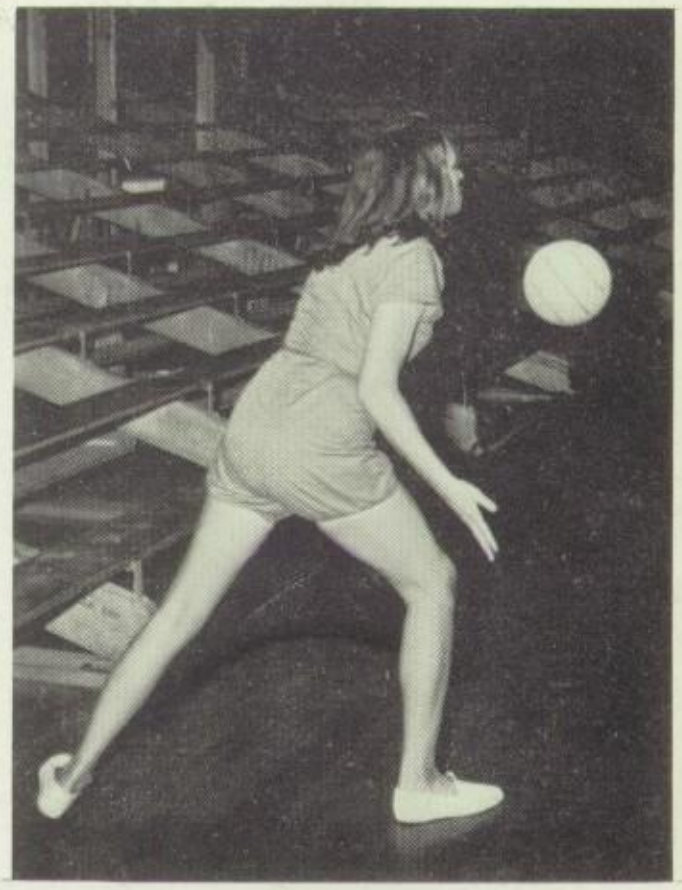
Drivers education is a very valuable course. Students learn not only how to drive, but also how to drive a car safely and responsibly. A car can be a very dangerous weapon if in the hands of a poor irresponsible driver.

Physical education keeps everyone physically fit and healthy. You learn how to play many different types of sports. You become a good sportsman whether your side wins or loses.

Is this how it's really done!

Students Develop Co-Ordination

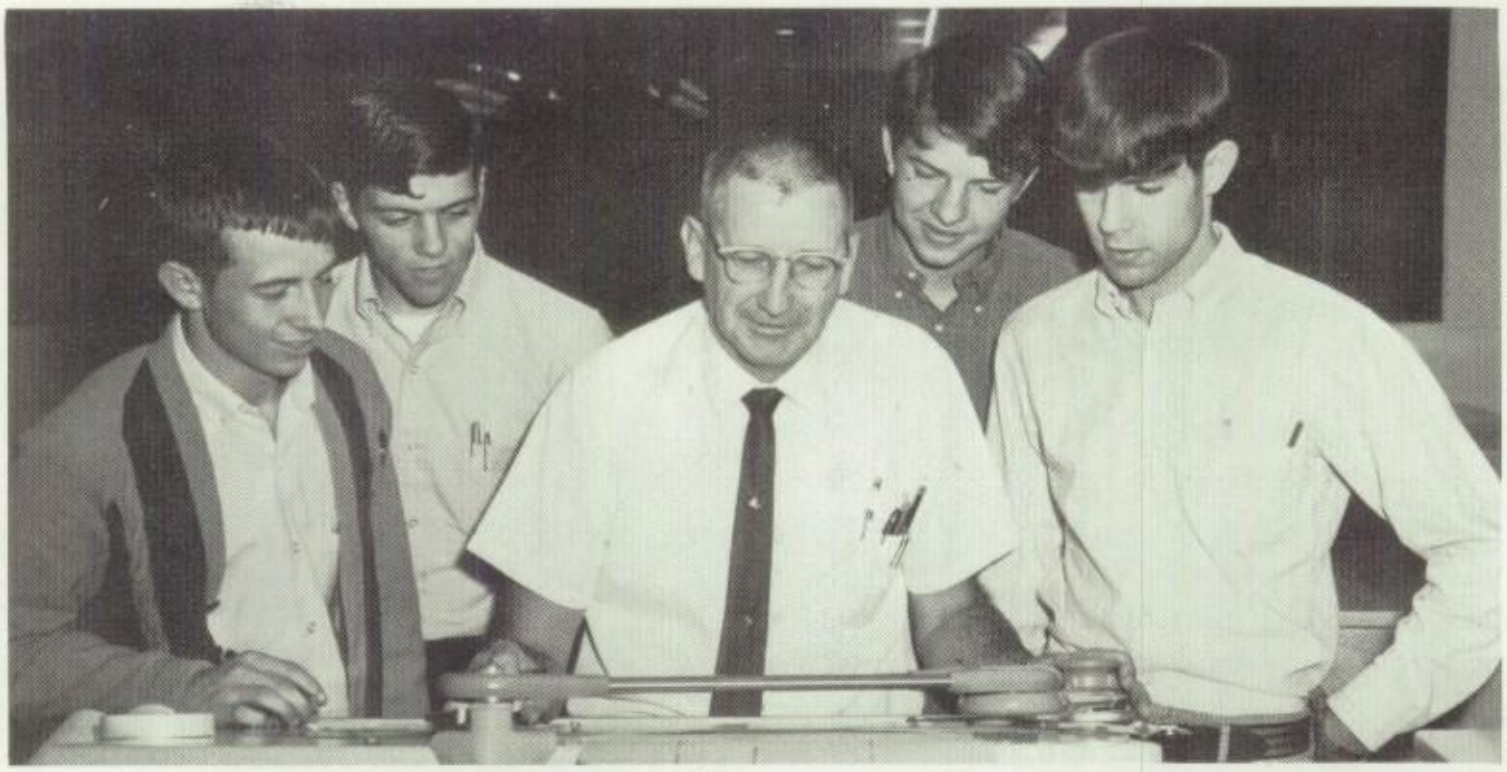
Girl's physical education classes consisted of volleyball, basketball, exercises, and spring activities. This year many girls participated in their classes very well. There were a few days when the girls got rained on because of having to use the old gym till the new gym was ready to move into. How about it girls? Since the new gym has been open, the girls have had it very convenient. They have gotten to have their own locker rooms. They have also had it very nice to get to play in the new gym for which they "Stand Proud" to use.



Sock it to it!

The boys in physical education classes have had it just as bad and have had the nice conveniences like the girls in physical education classes have had it. The boys have done exceptionally well in volleyball this year. How about it boys?

Vocational Opportunities



Learning much boys?

Why so sober, typing can't be that bad.

Watch out! Your going to cut your finger.

Students at Rossville have many vocational courses which they are very much interested in. There is Shop, Industrial Arts, Agriculture, and Secretarial courses. These courses may prepare a student for a job when he graduates from high school or can interest the students enough to go to specialized schools after graduating.

Provide Future Security

Sewing sure is fun except when you have to rip out those tiny stitches. Right Rhonda?

The vocational course of Home Economics teaches the girls useful skills such as sewing, cooking, child care, and meal planning. These skills once learned can be improved upon and are useful all through life. Four years of Home Economics can be taken in high school to prepare each girl for a possible family in the future.

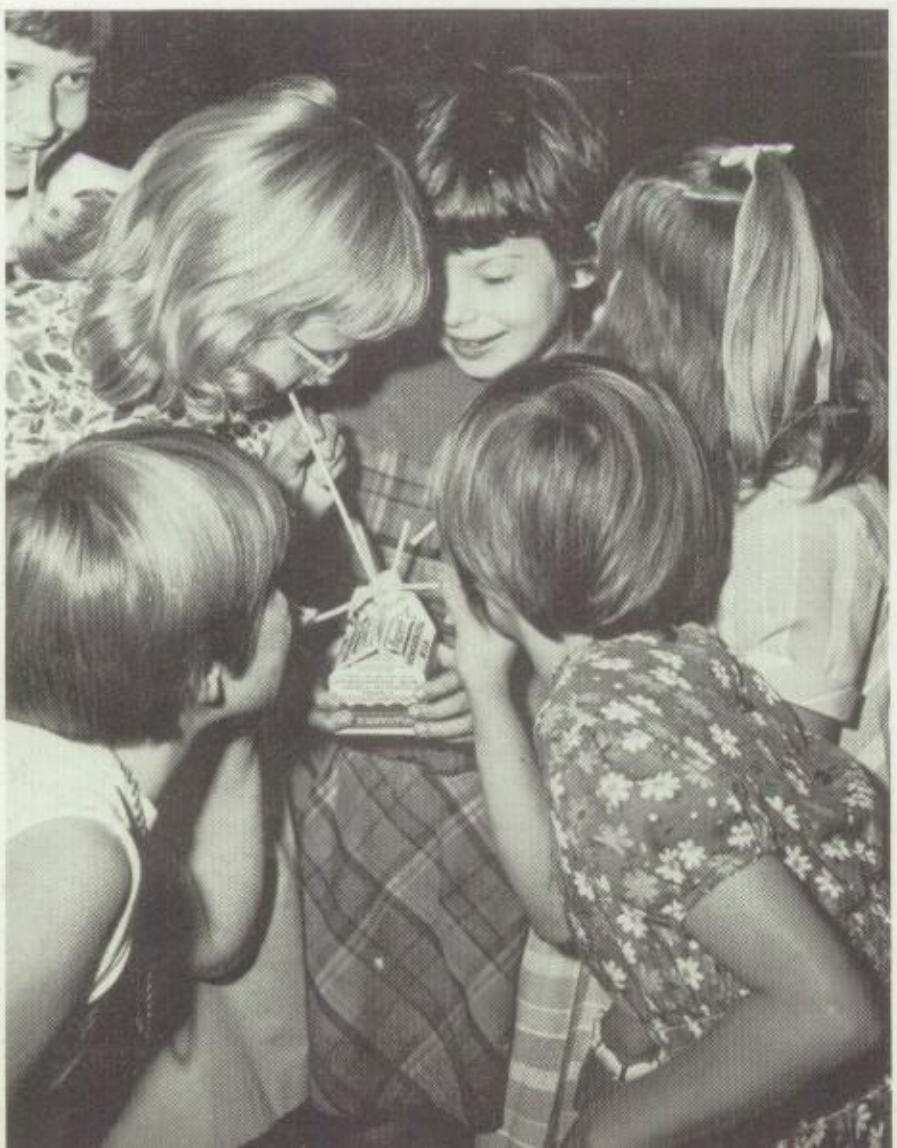
One important aspect of Agriculture is the maintenance of equipment.

Is it edible or just to look at?

The Day of an

What's everybody waiting for, a streetcar?

Share and share alike, right girls?



Elementary students are taught the basics of education such as reading, writing, and arithmetic. Not only do they develop scholastically but also socially by making friends and learning to get along with each other. Of course elementary education would not be complete without those wonderful recesses.

Elementary Student

Young students hard at work!!

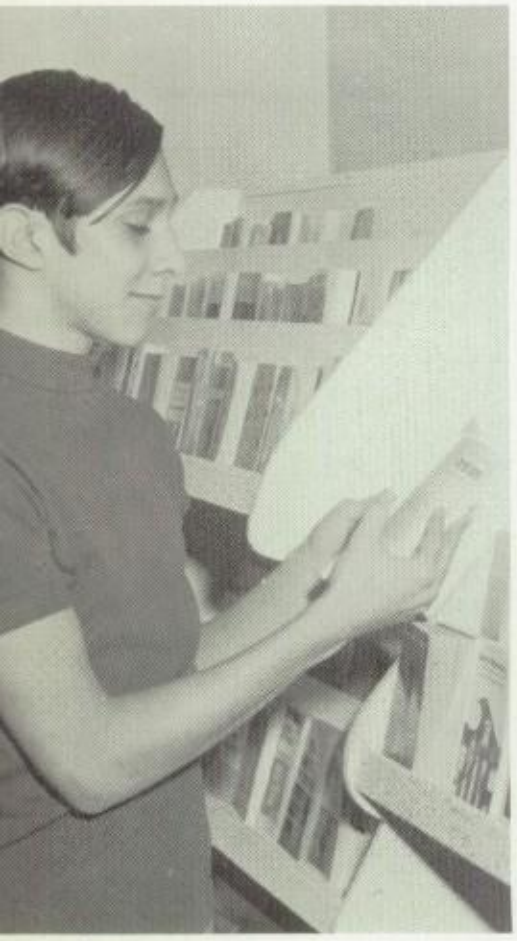
Grade school is not all play and little work. Students study hard and strive to gain knowledge which will be of good use in their high school years and all through their lives.

Time out for a little fun!

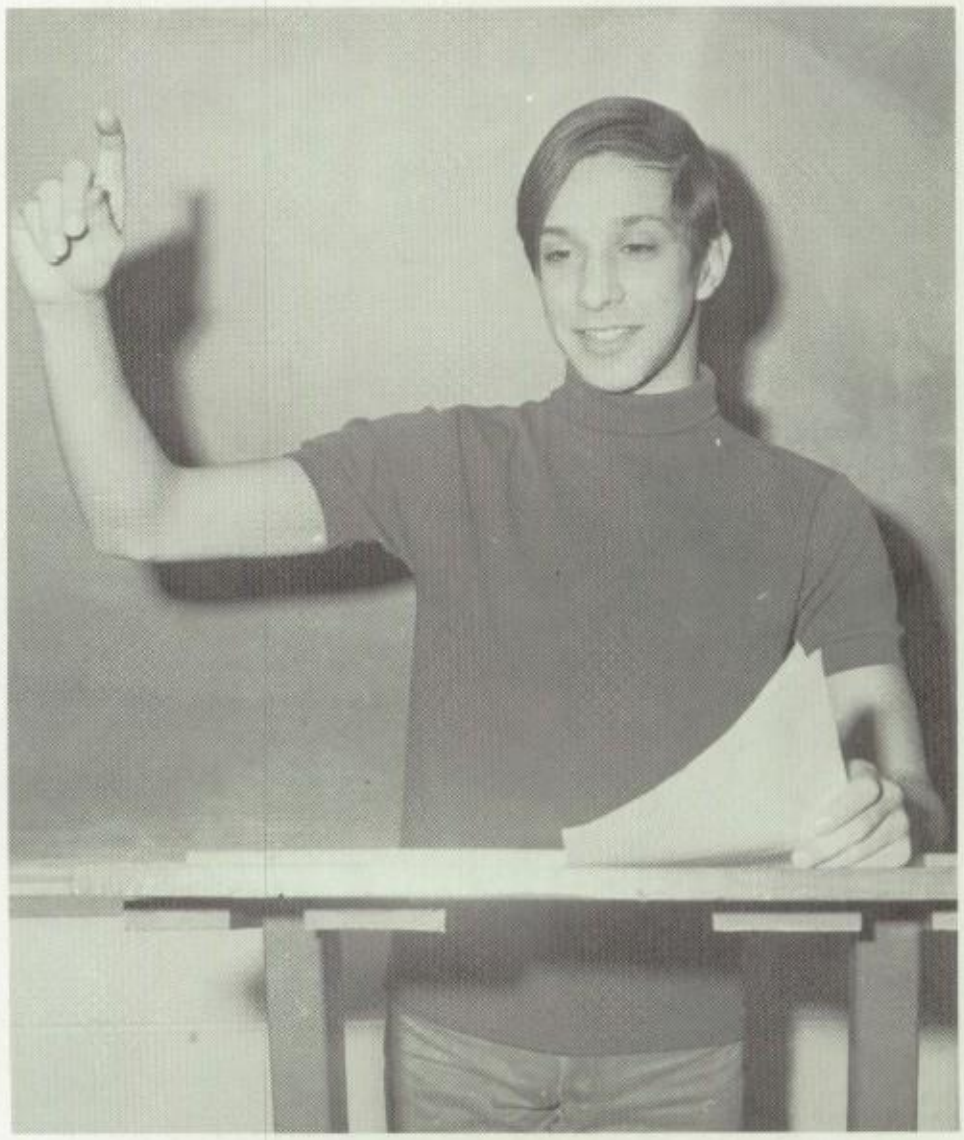
A student's work is just never done.

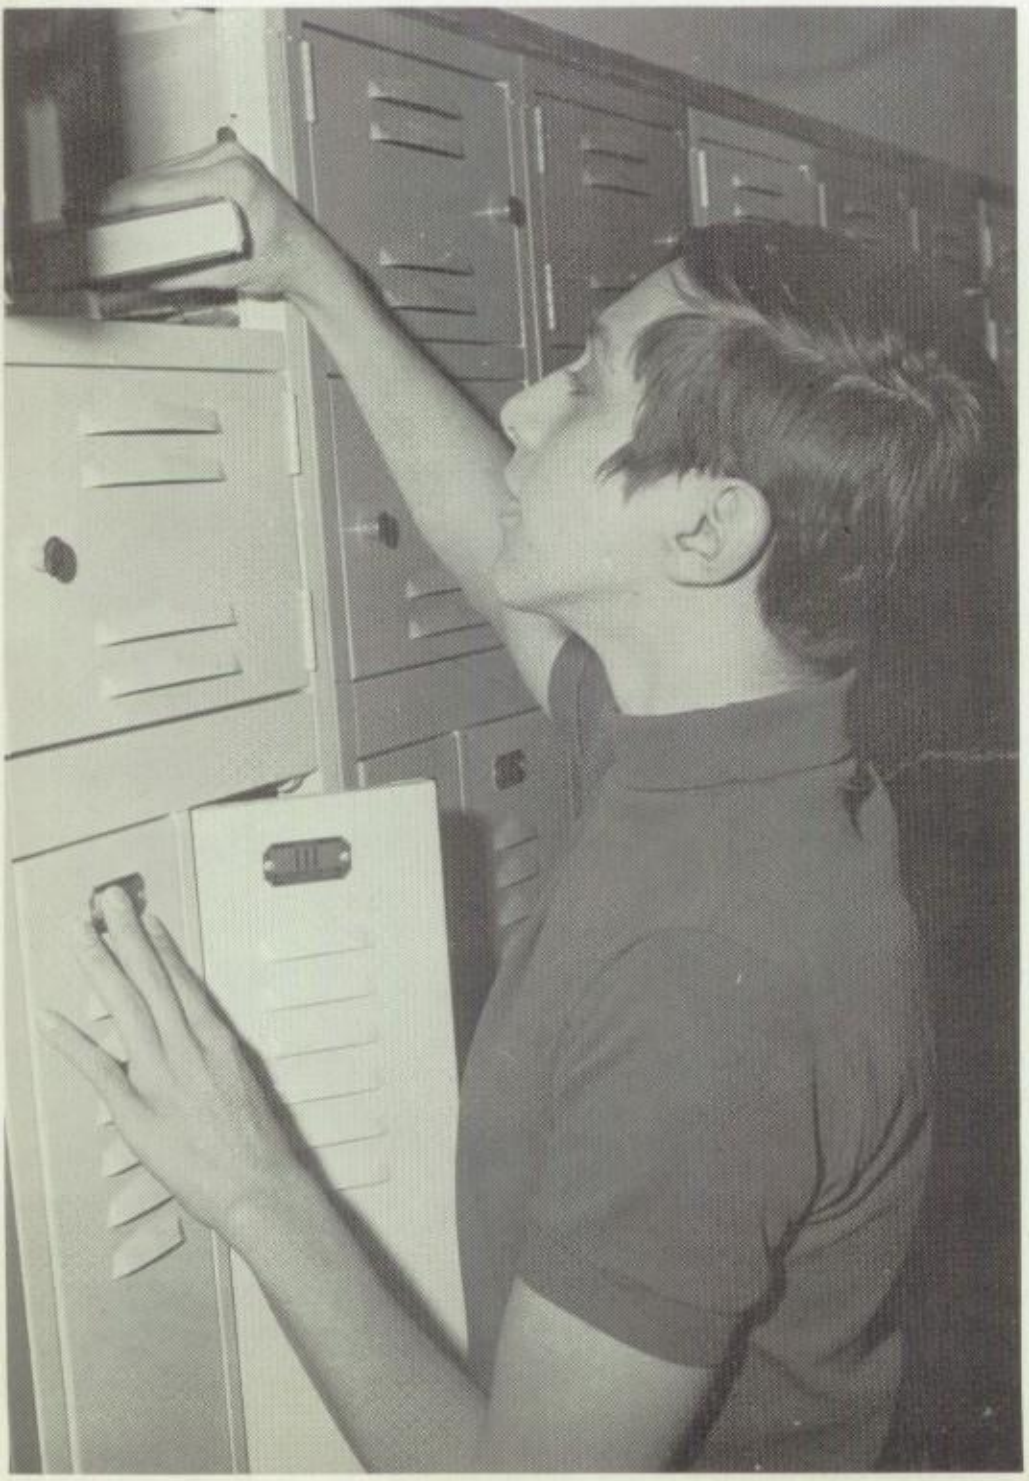
Life around the grade school provides opportunities for each student to develop physically, socially and scholastically. They are indeed standing proud and looking forward to their future high school years.

Jose Our Exchange Student

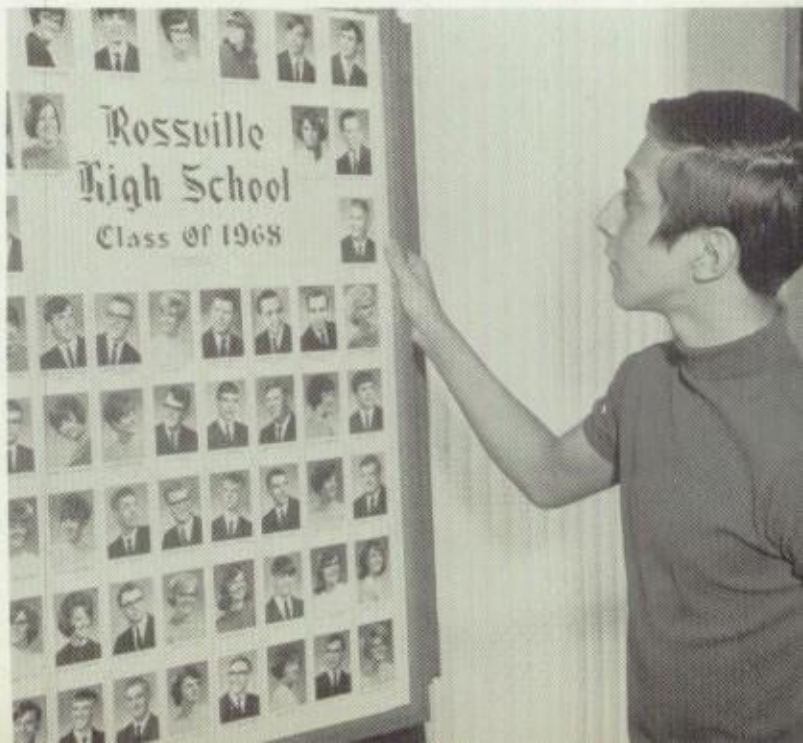


Jose Moreno, the first exchange student to attend Rossville High School, came from Cali, Colombia, South America. Jose, better known as Joe around Rossville, is 17 years old. Joe's father is a businessman and his mother is a social worker. Other members of Joe's family are three younger brothers and one younger sister. Painting, girls, swimming, music, sports, and travel are some of the things Joe enjoys. He likes to do things that he has not done before.

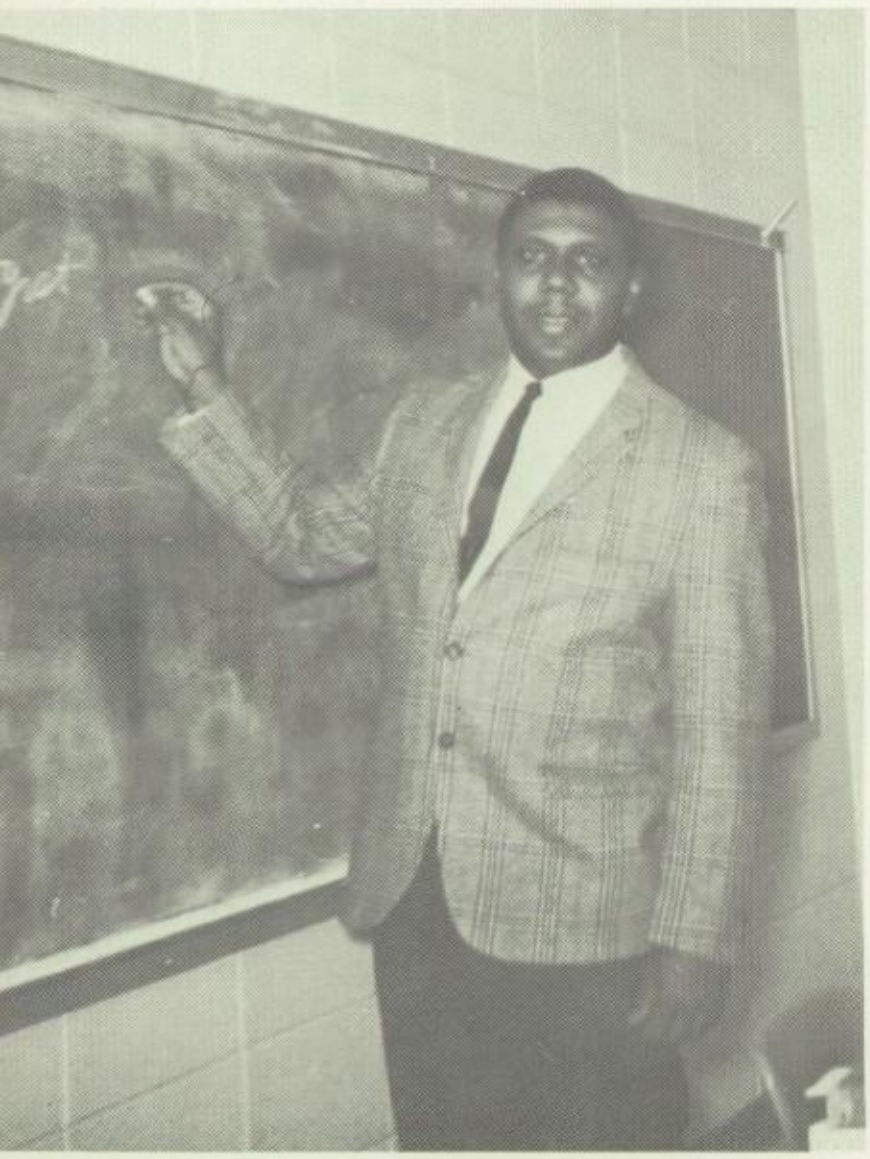




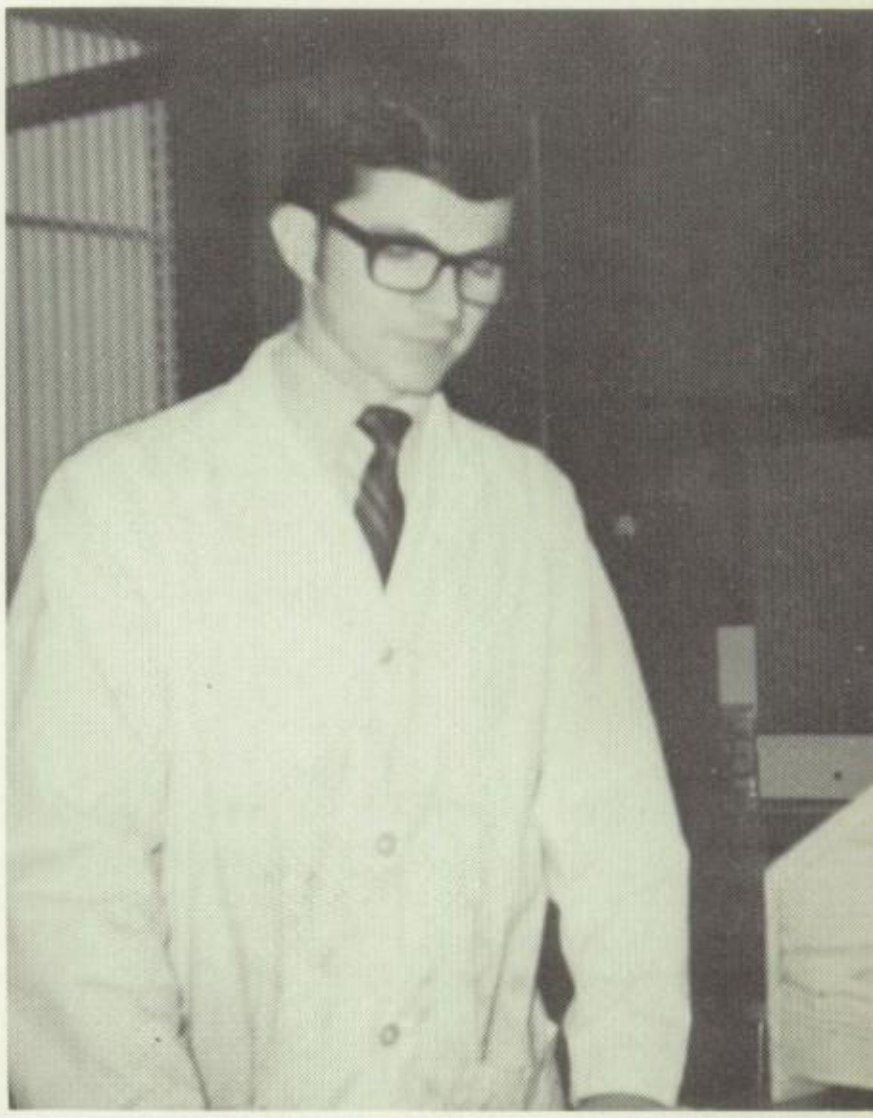
Joe likes living in Rossville. It took him awhile to get adjusted to Rossville though because he was accustomed to living in a big city. Next fall Joe hopes to go to Purdue University where he plans to study electrical engineering. When asked about going home Joe's comment was "I do not know when I'll go back, there is a world very big to know so I'll be back home in about 9 or 10 years!"



Our Student Teachers



Mr. Monroe graduated from Lafayette Jefferson High School. He taught government, health and physical education. He plans to teach government, health and physical education. We asked him for a comment and he said that it was a wonderful experience and everyone treated him very royally.



Mr. Gaiser graduated from Chester Center High School. He taught industrial arts which included studying electricity, plastics, power mechanics and wood. He plans to teach Junior High general industrial arts. We asked him for a comment and he said, "I like Rossville and it is a nice place to teach."

Miss Newcomb was a student teacher from Purdue University. She taught English and speech. She plans to teach English and Junior High English. She enjoyed the fact that the school was not so large. This way she could get to know the students better.

1969 Junior-Senior Prom

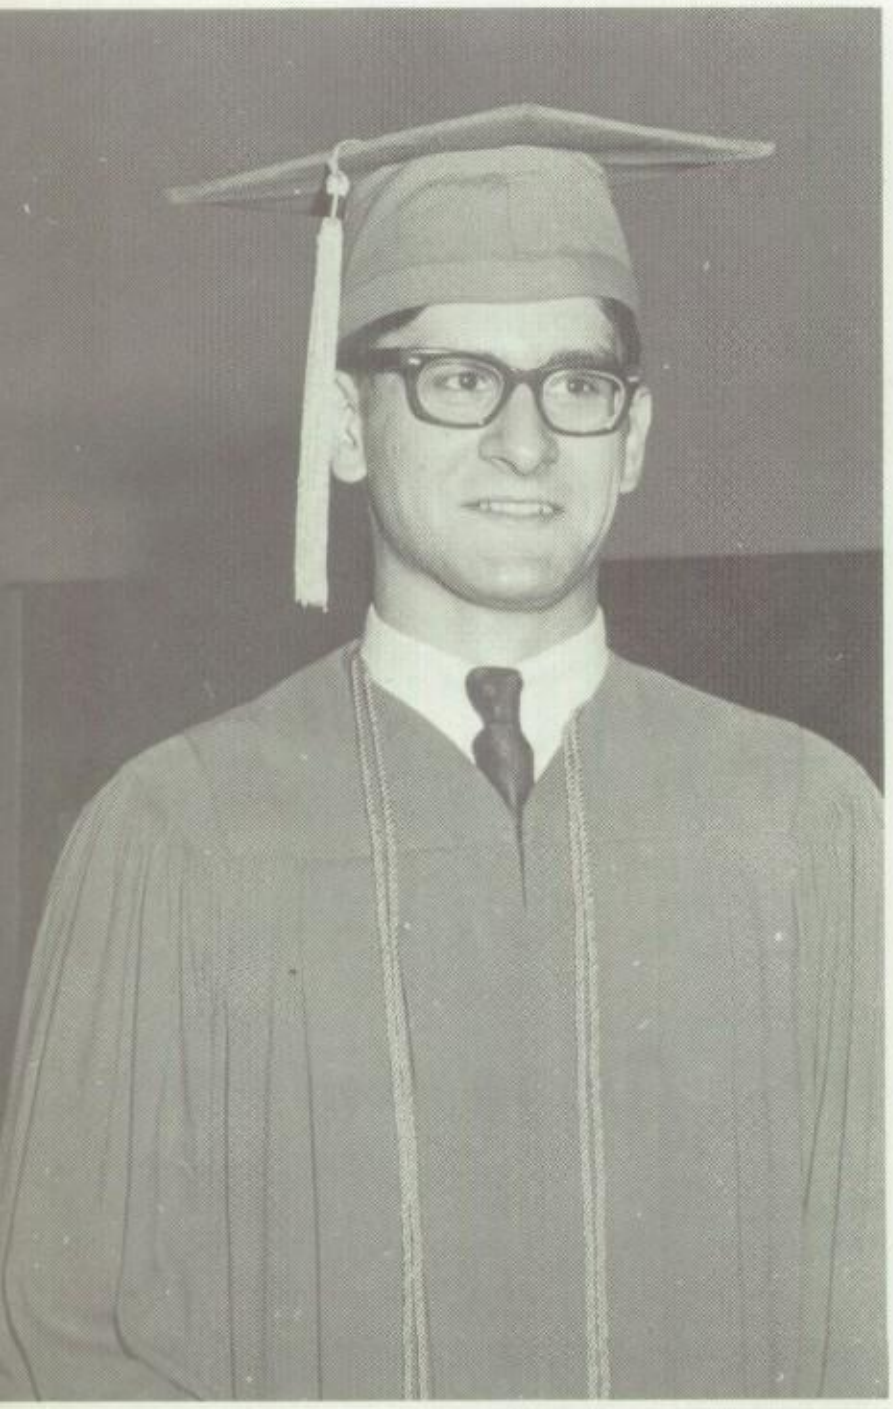
"Tahitian Twilight" was the theme of the 1969 Junior-Senior Prom. The prom was held at the Moose Lodge at Frankfort on May 3, 1969. Dave Miller was Master of Ceremonies.

The candidates for queen were Karen Eller, Vicki Peters, Karen Purcell and Ellen Freeland. For king were Davie Seifert, Jon Canine, Phil Wilson, and Dave Mosson. Dave Seifert and Ellen Freeland were crowned king and queen.

There was an after-prom party held in the multi-purpose room for anyone wishing to attend.

Tahitian Twilight

The Class of 1969



Sheldon Holsinger--Valedictorian

VALEDICTORIAN ADDRESS

Neighbors and friends, we who are graduating will long remember this occasion. It is perhaps the last time we will be together as a group. Tonight is an end of a part of our lives, but it is also a beginning of a more responsible living and of facing adult problems. Knowledge from the last twelve years with the self-discipline, ambition, and determination we have gained is a basis for this responsible, adult life. We will be facing many challenging problems and opportunities.

Our parents who have raised and helped educate us merit our deepest thanks. They have sacrificed much in their care and concern for us. Tonight I am sure that no parent will grudge his investment. On Mother's Day it is only right that mothers should have a special thanks. We owe you much.

I have had some great teachers these last twelve years. These dedicated people, who corrected or encouraged us as necessary, challenged all to higher achievement and introduced new worlds. There is not, and never will be, a substitute for a good teacher.

This community has provided this school, its facilities, and the faculty so that we might learn more. We thank you all for your interest and hope that future good citizenship will help repay our debt.

Our country has been a great one for over a century and will be even greater if we can help solve some general social, political, and technological problems. We must learn how to control the technological and population explosions and how to accelerate the evolution of our social and political structures. Riots, wars, segregation, and changing morality are signs of yet-to-be solved problems. We must learn to live in a sort of harmony with the rest of mankind. Decency and respect for others will help to keep this a good place to live. Without certain values, life has little meaning. Frank Clark noted that "it may take forever to win men's minds by persuasion, but that's quicker than you can do it by force." Today is not a time to ignore problems or to accept things "because that's the way it's always been." It is instead a time to use our knowledge and enthusiasm to work in solving these problems. We should find much satisfaction in meeting such challenges and opportunities. We should consider life itself a challenge; a challenge that must not go unanswered. Thank you.

Rev. Willard Grant--Baccalaureate Speaker

Karen Purcell

Proud During Commencement Exercises

SALUTATORIAN ADDRESS

On behalf of the senior class, I would like to welcome everyone to the Commencement exercises of the graduation class of 1969. I would also like to wish all the mothers, Happy Mother's Day.

Of the fifty-two graduating seniors, thirty-two of the class have attended all twelve grades in the Rossville School District. During our grade school careers, we attended either Pyrmont, Owen, or Rossville. In the fifth and sixth grades we all traveled to Owen. One of the biggest steps in our lives was coming to high school in the seventh grade. Finally in the second semester of last year we made our last move--to the new high school.

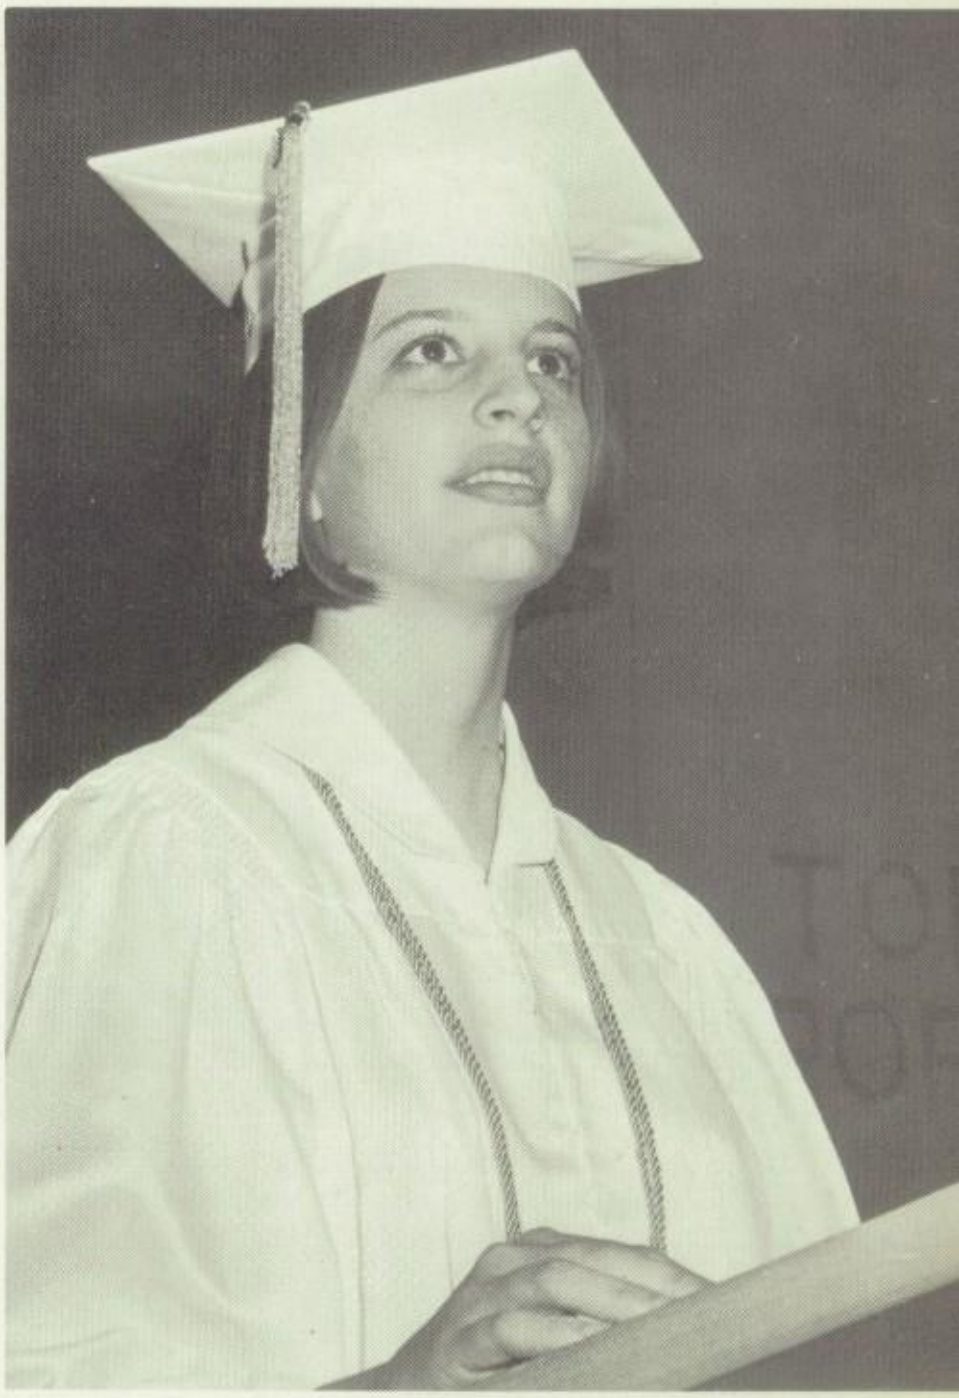
At the beginning of our sophomore year, we chose our class sweaters. They were navy blue with light blue trim, the same as our class colors. At the end of the year we picked out our class rings.

Our junior year was a busy year. We started out with a magazing sale. It took a lot of time and hard work, but it was worth it. With the money we made, we financed the Junior-Senior Prom. The theme of the prom was "Moonlight and Roses."

Our senior year started with election of officers. Sheldon Holsinger was elected president; Robert Beets--vice president; Karen Eller--secretary; Becky Peterson--treasurer.

For our class flower, we selected the red rose. The bouquet of roses that you see was presented to our class by a former classmate, Charlotte Bol. Our class colors are navy and light blue. Our motto is "Today opens the road to tomorrow." . . .

There are many people the seniors would like to thank, but it is impossible to name them all. First of all we would like to thank the faculty, especially Mr. Kenneth Miller and Mr. Poelstra, who were our class sponsors this year. We'd also like to thank Charlotte for the flowers, and our parents for all the patience and understanding they have shown us during our twelve years of school. Thank you!



Kathy Savory--Salutatorian

On February 14, 1969, after the B-team game, the Homecoming Queen and Mr. Basketball were crowned with East Tipp as our visitors. Homecoming Queen for 1969 was Ellen Freeland. Mr. Basketball was Jon Canine. The following boys were candidates for Mr. Basketball: Dave Seifert, Dave Mosson, Phil Wilson, Bill Ticen, Ralph Haynes, and Mike Garrett. The Queen's Court consisted of Sandy Silverthorn, Karen Eller, Brenda Suter, Rhonda Beisel, Lucy Canine, and Joanne Cottrell.

The Student Council was in charge of the arrangements for the event. Dick Wolf was the master of ceremonies, crown bearers were Beth and Susie Freeland, trophy and flowers were carried by Karen Purcell and Marcia Hodgen.

BASKETBALL ROYALTY

Community Honors Athletes

SEATED at the head table were from left to right: Principal, Roger Voreis; Superintendent, Robert Egly; Speaker, Bill Jarrett; Varsity Coach, Mike Jones; SSS President, Karen Purcell; Asst. Coach, Mike Reynolds; Freshman Coach, Kenneth Miller; Seventh grade Coach, Larry Andrew.

About four hundred basketball players, coaches, parents, pep club members, and other fans gathered for a carry in supper in the multipurpose room on Friday, March 28 at 6:30 p.m. The purpose of this gathering was to honor those basketball players that had so WELL represented the school and the community during the past year. Mrs. Jean Barton and her Sunshine girls were in charge of the details for the very successful celebration. Following dinner Mr. Bill Jarrett spoke to the group on SUCCESSFUL motivation.

After the speaker of the evening, SSS President Karen Purcell introduced Coach Larry Andrew who gave recognition to his Seventh grade players, managers and cheerleaders. Following this recognition Coach Kenneth Miller recognized his Seventh and Eigh grade teams, managers, and cheerleaders, and then he introduced his Freshman crew and commented on each player.

Next it was time for Mrs. Elizabeth DeBoy to recognize and honor all of the cheerleaders. She also presented Miss Vicki Peters, President of the pep block, with a rememberance of her position.

Mr. Mike Reynolds then took over the microphone and told of his B-teams accomplishments (17--1 season record) and introduced each member of his team and told something of the accomplishment of each player.

Mr. Mike Jones then stepped to the microphone and introduced his team and presented the following awards: The Most Valuable Player and the Mental Attitude Awards are given to the persons chosen by all of the members of the varsity, the coach and assistant coach, and the two varsity managers, as the most deserving. The Free Throw Award is given to the varsity player who shoots thirty or more free throws and has the best per cent. The Rebound Award goes to the boy accumulating the most rebounds over the season. The Tom Knapp Award is given according to points accumulated during four years of high school in all of the major sports. A boy is given points for each letter earned, extra points for lettering in all sports each year, points for special honors, and points for grade average. Points are taken off for any disciplinary action required. Tribute was then paid to a loyal Hornet backer. "Tink" has encouraged many Rossville athletes over the years.

The Mental Attitude award was presented to Jon Canine, Ralph Haynes, and Bill Ticen.

Dave Seifert receiving the Tom Knapp Memorial Award.

Coach Mike Jones receiving a gallon of motivation for next year's team.

Jon Canine receiving Free Throw Award.

Dave Seifert receiving Rebound Award.

Hershel "Tink" Bennett receiving award for backing the team.

Jon Canine and Dave Seifert received Most Valuable Player Award.

WE STAND PROUD

This year we decided to try a different format for our yearbook. The part of the book just past is the informal part of the book or "people in action." The rest of the book is devoted to formal pictures of individuals and of groups. We hope you will enjoy this innovation.

High School Principal

HELEN MONTGOMERY
Secretary to the Superintendent

MARY LOU CRANE
Secretary to the High School Principal

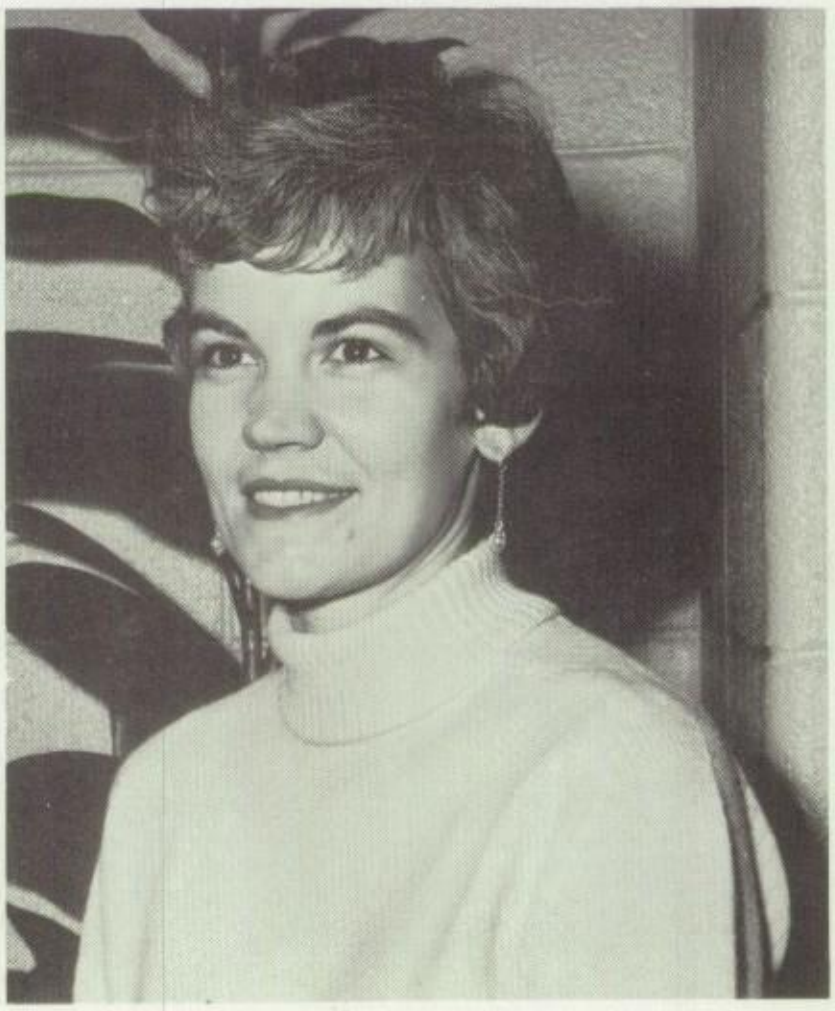
Students Are Aided by These

MARY PETERS
Goshen College, B.S.; Purdue University, M.S.; Remedial Reading and Guidance.

MIRIAM SENGER
DePauw University, A.B.; Librarian.

MARYALICE SKILES, R.N.
Lafayette Home Hospital

SHIRLEY SHARP
Indiana University, A.B.; Speech and Hearing Therapist.



Assistants and Helpers

The cooks are from left to right: Mrs. Dorothy Miller, Mrs. Eileen Stewart, Mrs. Lydia Flora, Mrs. Leona Conatser, Mrs. Pauline Mosson, Mrs. Geraliene Magart, Mrs. Ann Beisel, and Mrs. Phyllis Kamstra.

The teacher's aides are from left to right: Mrs. Pat Sharp and Mrs. Wanda Enoch.

The janitors are from left to right: Hube Sheppard, Kenny Butler, and Wayne Butler.

The bus drivers are from left to right: Kenny Beisel, Carroll Kessler, Keith Magart, Alpha Hufford, Everett Goris, Keith Rothenburger, Joe Ticen, Bill Savory, Vaughn Colby, Bill Fickle, Halfred, Mortsolf, Paul Livingston and George Stewart.

Elementary Faculty

LARRY J. ANDREW
Indiana State University, B.S.; Grades 5 and 6 Social Studies.

KENNETH D. BARKER
Purdue University, M.S., B.P.E.; Grades 5 and 6 General Science.

JANET (BROWN) WAKE
Ball State University; Grade 2.

FRANCES CHENEY
Indiana State University, B.S.; Grade 3.

MILDRED E. COCHRAN
Ball State University, B.S.;
Grade 1.

ROSAMUND L. EILER
Indiana State University, B.S.; Grade 6, English and Reading.

MARY FINLEY
Manchester College, B.S.; Grade 2.

FERN FISHER
Canterberry College, A.B.; Butler College; Ball State University, Purdue University; Grade 1.

DELORIS FLORA
ndiana State University; Butler University; Grade 1.

JEANNE ANN FOLEY
Mount St. Joseph College, B.S.; Purdue University, M.S.; Grade 4.

LOUISE IRELAND
Ball State University; Garde 3.

XREPHA McDANIEL
Ball State University; Grade 4.

EVA M. NEED
Indiana State University; Butler University; Grades 5 and 6 Math.

KATHRYN J. SNYDER
Central Normal College; Butler University; Grades 3 and 4.

PAULA M. TILMON
University of Delaware, B.S.; Grade 5, English and Reading.

MABEL ZEIDER
Manchester College, B.S.; Grade 2.

High School Faculty

JEAN BARTON
Purdue University, B.S.; Home Economics, Lunch Room: Manager.

WILLIAM BAUGH
Purdue University, B.S.; World History, Indiana History, and World Geography.

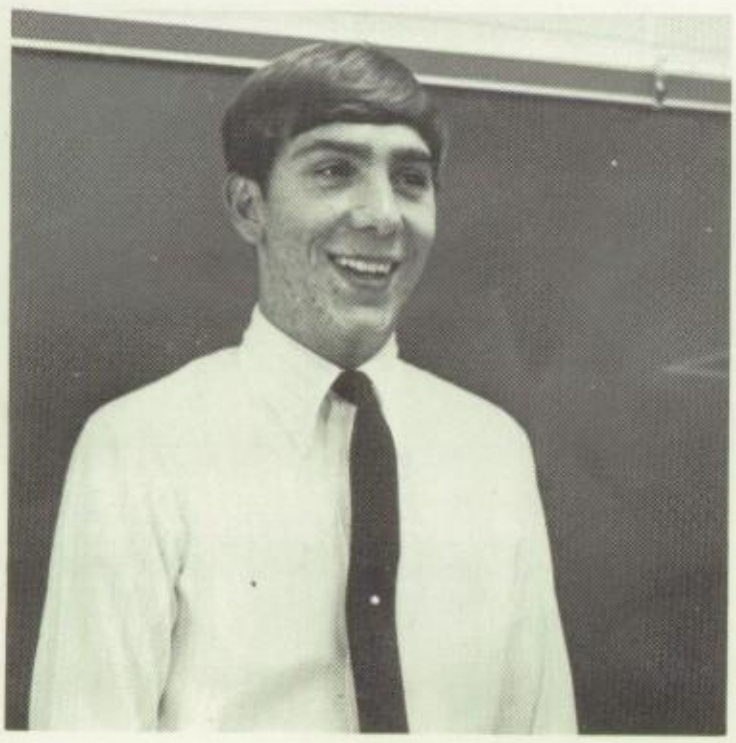
Purdue University, B.S.; Science and Chemistry.



MARY THOMAS
Purdue University, B.S.; English.

Today Is the Door to Tomorrow

From left to right: Sheldon Holsinger (President), Karen Eller (Secretary), Becky Peterson (Treasurer), Bob Beets (Vice-President).

CLASS COLORS: Light Blue and Navy Blue
CLASS FLOWER: Red Rose

In August of 1961, the fifth graders from Rossville, Owen, and Pyrmont consolidated to become the class of 1969. We attended the fifth and sixth grades in the Owen school building. When we became seventh graders we were moved to the Rossville building. As freshmen we found many new interests and became members of various organizations. Our Sophomore year was highlighted with our class rings and sweaters. As juniors "Moonlight and Roses" was the theme of prom night given by our class for the seniors. To finance the prom our main money making project was the magazine sales. At Christmas time our junior year we moved into the new school building. As seniors we earned money for our class trip through a Senior Flop, bake sale, Halloween Insurance Sales, and the boys earned money for our class by unloading the bleachers for our new gymnasium. Our class had the privilege of being the first class to graduate in the new gymnasium on May 11, 1969.

Looking Forward to Tomorrow

Sheldon Holsinger

SHELDON RAY HOLSINGER
Parents: Elmer and Mabel (Endress) Holsinger.

We the editors of the 1969 LARS wish to extend our special thanks to Mrs. Bowyer, our sponsor. We sincerely want her to know that we are very grateful for all she has done to help us since this was our first year of editing. We wish to thank Fred Plocher, our American Yearbook Representative. We want him to know that by changing to a two part book, and a summer delivery, we had to help change Mrs. Bowyer's ways and to learn anew. We wish to thank Gullion's Studio for taking most of the pictures. We wish to thank Dick Withrow personally for all the great pictures he took to fit our needs. We wish to thank the LARS staff for their assistance. We wish to thank all the advertisers and patrons for supporting us and anyone else we may have forgotten.

Sincerely,

Ruth Grant, Editor
Velvet Megzger, Asst. Editor
